

WISCONSIN
UNIVERSITY OF WISCONSIN-MADISON

Medical Physics Seminar

Monday, November 7, 2016

1345 HSLC ~ 4:00 - 5:00 P.M.

Patrick Hill, Ph.D.

Assistant Professor (CHS)
Department of Human Oncology
UW-School of Medicine and Public Health

ViewRay MRI-guided Radiotherapy

An overview of the ViewRay MRI-guided radiotherapy treatment system will be presented, including design and clinical workflow at UW. Clinical examples highlighting the unique aspects of this system will be described along with ongoing research in motion management treatment protocols. Finally, research identified by the NCI as of interest for future funding opportunities will be presented.
